

2019 CROFT TOWABILITY GUIDE

This information has been compiled from a variety of sources and is for the “average” vehicle of each model. Vehicle compatibility for Tow Dollies and/or Auto Transport Trailers is based on vehicle weight, width, and length only. Ground clearance and other considerations are the sole responsibility of the user. Different vehicle specifications within the same model can influence vehicle weight, which in turn can influence towability, observe the weight and size limitations listed below. Give customer the owner/parts manual.

Please also observe the following:

- ⚠ All vehicles must be loaded facing forward on tow dollies and trailers.
- ⚠ Cargo and/or passengers should not be loaded in towed vehicles.
- ⚠ When towing rear-wheel or 4-wheel drive vehicles on a tow dolly, the drive shaft will have to be disconnected.
- ⚠ Vehicles with air dams, ground effects kits, etc. may cause interference when loading and unloading. Use caution in determining suitability for towing.
- ⚠ Tow dollies and auto transports may be subject to width restrictions on some roads in some states. Tow dollies and auto transports must not be taken into or through Canada.

EXPLANATION OF ATTACHED GUIDE

The attached listing shows which Croft towing devices can be used to tow various makes and models of automobiles, based on weight, width and length only. The towing device codes on the listing are:

AT7000C - Auto Transport

CGTD76/DB - CGTD76 and CGTD76DB, Tow Dolly- 8-1/2'

Tow device limitations as specified by manufacturer:

CGTD76 Croft Tow Dolly - No Brakes

- Max. weight, front wheel drive vehicles with H3BOS Coupler: 4,250 lb
- Max. weight, front wheel drive vehicles with 13689-95 Coupler: 4,500 lb
- Max. weight, rear wheel or front wheel drive vehicles with H3BOS Coupler: 4,250 lb
- Max. weight, rear wheel or front wheel drive vehicles with 13689-95 Coupler: 5,000 lb
- Max. width, outside of tire to outside of tire: 76"

CGTD76DB Croft Tow Dolly - With Brakes

- Max. weight, front wheel drive vehicles: 4,500 lb
- Max. weight, rear wheel or four wheel drive vehicles: 5,000 lb
- Max. width, outside of tire to outside of tire: 76"

AT7000C Croft AutoTransport

- Max. load weight: 5,000 lb
- Max. width, outside of tire to outside of tire: 80.5"
- Min. width, inside of tire to inside of tire: 39"

An "X" in the column indicates that towability is allowed.
